SUMMARY

Research Analyst | Data Analytics | SQL | MS Excel | Python

Analytical and detail-oriented professional with a strong foundation in **data analysis, market research, and business intelligence**. Skilled in collecting, analyzing, and interpreting data to identify trends, generate insights, and support strategic decision-making. Proficient in **SQL, Python, and Excel** for data analysis, visualization, and reporting. Experienced in building data-driven projects and transforming complex datasets into actionable business recommendations. Strong problem-solving, research, and communication skills with a continuous focus on learning and professional growth.

Projects

E-Commerce Market Growth & Revenue Analysis | Excel-Based Research

- Analyzed 50K+ e-commerce transactions to identify category-wise sales trends, customer demand patterns, and revenue drivers
- Conducted year-over-year growth analysis to identify high-performing product categories and emerging market opportunities
- Generated data-backed insights to support business planning and decision-making
- Tools Used: MS Excel (Pivot Tables, Charts, CAGR Analysis, YoY Analysis)

Medicine Recommendation System | Machine Learning Project

- Developed a machine learning-based recommendation system to suggest medicines based on user symptoms
- Performed data cleaning, preprocessing, and exploratory analysis on healthcare datasets
- Trained and evaluated classification models to improve recommendation accuracy
- Tools Used: Python, Pandas, NumPy, Scikit-learn

Experience

Market Research Intern – GraphiMitra

Oct 2025 – Mar 2026

- Collected and organized company and market data from multiple online sources
- Maintained Excel datasets and ensured data accuracy for analysis and reporting
- Analyzed market trends and business information using Excel
- Prepared reports and presentations to summarize key findings

Technical Trainee – Current Organization

Mar 2026 – Present

- Assisted in understanding and documenting industrial automation products and systems
- Worked with technical specifications, product catalogs, and sensor-related equipment
- Supported data collection, documentation, and coordination for customer requirements
- Developed knowledge of industrial control, monitoring, and automation solutions

Education

B.Tech in Electrical and Electronics Engineering , Bhilai Institute of Technology, Durg	2021–2025
Higher Secondary Certificate (87%) , Krishna Public School, Dunda	2020–2021
Secondary Education (86%) , Krishna Public School, Dunda	2018–2019

Technologies

- **Data Analysis & Research:** Market Sizing, Forecasting, CAGR & YoY Analysis, Trend & Competitor Analysis
- **Analytical Tools:** MS Excel (Pivot Tables, Charts, Power Query, VLOOKUP/XLOOKUP), Google Sheets
- **Programming:** Python (pandas, matplotlib) for data cleaning & visualization
